

Call for Participation

We invite you to join us in **13th International Conference on Computer Science and Engineering (CSEN 2026)** offers a premier international platform for presenting and exchanging the latest advances in the theory, methodologies and applications of modern computing. As the fields of Computer Science and Computer Engineering continue to evolve at an unprecedented pace, driven by breakthroughs in artificial intelligence, large-scale systems, data-centric computing and emerging technologies, CSEN 2026 aims to bring together leading researchers, practitioners and industry innovators to explore these developments and foster new collaborations.

The conference seeks to highlight both foundational research and cutting-edge innovations that are shaping the future of computing. By uniting experts from academia and industry, CSEN 2026 encourages the exchange of ideas, the formation of interdisciplinary partnerships and the advancement of knowledge across the full spectrum of computer science and engineering.

Highlights of CSEN 2026 includes:

- 12th International Conference on Software Engineering and Applications (SOFEA 2026)
- 13th International Conference on Artificial Intelligence & Applications (ARIA 2026)
- 12th International Conference of Control Theory and Computer Modelling (CTCM 2026)
- 12th International Conference of Networks, Communications, Wireless and Mobile Computing (NCWC 2026)
- 7th International Conference on Big Data, IOT and Blockchain (BIBC 2026)
- 7th International Conference on Data Science and Machine Learning (DSML 2026)
- 15th International Conference on Natural Language Processing (NLP 2026)
- 7th International Conference on Education and Integrating Technology (EDTECH 2026)
- 12th International Conference on Signal Processing and Pattern Recognition (SIPR 2026)

Registration Participants

Non-Author/Co-Author/Simple Participants (No Paper)

100 USD for Online (Without Proceedings)

490 USD for Face to Face (With Proceedings)
